

## PSG740

### 12Volt DC Encapsulated Switchmode Power Supply

CCTV Switchmode Power Supply  
12Volt DC  
1 Amp Maximum Output

Application - CCTV Systems and Installations that require a 12 Volt Supply with no battery back. i.e. - Access Control, Entry Systems and General Use

- 12 Volt DC Regulated Output
- Input Voltage 100-240V at 50/60Hz
- Full Current to Load
- Mains on LED Indication
- Switchmode Technology
- APS Encapsulated
- Small Size
- Eco Casing Design
- Must be kept fully Ventilated to avoid Heat Build Up
- Fitted with 3 Pin Plug & 1m Mains Multiple Cable Entry Point Cable
- Fitted with 2.1mm Jack Plug & 1m of Low Voltage Cable
- Maximum Output - 1 Amp

Dimensions:

Size - 110L x 45W x 30D all mm

Weight = 274g

CE APPROVED  
EMC TO EN55011  
RFI TO EN55022
